

BLACK HISTORY MONTH QUITE BUSY FOR ACCORD

This was certainly one of the busiest months for ACCORD. We participated in the Ft. Mose` Flight to Freedom Activities, The Hilltop Community Black History Program in Middleburg, FL, speaking engagements by our members at churches in St. Augustine and Jacksonville, attended the Florida Conference of Black State Legislators' Distinguished Speaker Series Black History Program, dedicated a Freedom Trail Marker, and so much more. Wow---

An onlooker commented, "He looks very distinguished", after seeing [Dr. Robert B. Hayling](#) step to the podium to deliver a heart wrenching testimony of his involvement as leader of the St. Augustine Civil Rights Movement.

All seats were taken at the House of Representatives Chamber at the Capitol in Tallahassee during the Florida Black Caucus 2011 *Distinguished Lecture Series Black History Program*. Some folks were standing while others sat on benches packing the Chamber to hear the "Father of the Civil Rights Act of 1964" share some of the most incredible stories of courage, faith, and perseverance during the non-violent struggle for human rights in the Nation's Oldest City. Many Freedom Fighters came from around the State of Florida and Georgia to pay homage to their leader and to share their stories with each other as well as reporters.

Dr. Hayling also took advantage of the opportunity to serve notice to the powers that be of the City of St. Augustine not to make the same mistakes as they did in 1964: not allowing Blacks to be involved in the 400th Anniversary Celebration of the Founding of the City.

In 2015, St. Augustine will celebrate its 450th year of its founding and Dr. Hayling wants the City of St. Augustine to be more inclusive of its citizens and to allow Blacks to participate not only in the Celebratory Activities, but participate in the planning as well.

Among those in attendance were Lt. Governor Jennifer Carroll, Florida State Senator Tony Hill, and over 16 members of the Florida Conference of Black State Legislators. Not only did Sheriff David Shoar loan a valuable artifact: the arrest card of Dr. Martin Luther King, Jr. with his signature and fingerprints to ACCORD for display at the Capitol, but sent Sgt. Monroe West and Deputy Napoleon Staggers along to accompany the 40th ACCORD to Tallahassee for the Florida Legislative Black Caucus Black History Program. Also accompanying ACCORD from the SJC Sheriff's office was Kelvin Kelshaw, photographer and videographer. A very special thank you to Sheriff Shoar for his kindness and generosity.
